Figure 5 The percentage of Student Satisfaction with respect to the Satisfaction in the College Policies, Institution to Recommend for Others, Overall level of the Institution given by B.Ed students of 2019-20 batch

Findings and Conclusions based on the Satisfaction Survey conducted among B.Ed Students

In terms of Teaching Learning and Evaluation with respect to the Academic Level of the College (96.8), Quality of Learning and Evaluation Activities (92.02), Quality and Proficiency of Teachers (95.21), Efficacy of the Programme (87.23), Academic Advising and Research Mentoring (90.95), Accessibility of Teaching faculty (93.61), Academic collaboration among Students (92.02), Education for Future Life (94.14), and Importance for Value based Education (91.48), the B.Ed students had given high preferences/scores to the institution and its activities. In all the components the score is more than 85. It shows the students are highly satisfied with the teaching-learning and evaluation process offered in this institution. In general, the institution gives more importance to the quality of teachers, teaching-learning process, evaluation, research orientation, etc.

The aspects considered such as, Learning Environment, Facilities of the Institution and General Observation on the activities/programmes/ quality concerns of the institution, the students gave good feedback. But the component like canteen facilities the students gave low score. The institution considered this as a serious matter and changes including more items in the canteen, more seating arrangements, canteen time, etc are positively changed as per the request of the students and the students union. Also the renovation of the canteen is included in RUSA fund and the work will be completed before March 2021.
