SCIENCE CLUB 2024-26

SCIENCE CLUB 2024-25

Science club is a community of students who share a passion for science and a desire to learn. It can be considered as a platform for students to develop important skills such as problem solving, teamwork and communication. Here students come together to explore the wonders of science to conduct experiments and to discuss the latest scientific discoveries.

ELECTION OF THE OFFICE BEARERS

The first meeting of science club was held on 12th August 2024. The meeting was held under the presence of Dr. Anne Mary Thomas and Dr. Bindu David. Club coordinator Dr. Anne Mary Thomas addressed the meeting and hereafter various office bearers were selected.

President: Jesna Jose (Natural Science)

Secretary: Aswathy K R (Physical Science)

The club members were decided to work together to keep the science club active throughout this academic year.

President: Jesna Jose

Secretary: Aswathy K R

NATIONAL SPACE DAY CELEBRATION

India has celebrated its maiden space day on 23rd August 2024. This date was selected to correspond with the success of India's Chandrayaan-3 mission, where India had become the fourth nation in history to arrive on the moon and first to land near the southern polar region of the moon on 23rd August 2023.

As a part of this celebration Science club of St. Thomas College of Teacher Education, Pala has organized the following programmes.

a) Quiz Competition

A space quiz Competition was conducted and a total of 72 students participated in it. The quiz master was Salu Sasi.

Winners

Ist - Dayas Xavier Mathematics Education

IInd- Kripa Mathew English Education

IIIrd- Ajay Sasidharan Social Science Education

b) Video Presentation

A video highlighting the achievements of ISRO was presented to the students.

SPACE WEEK CELEBRATION 2024

World Space week is celebrated annually from October 4 to October 18. This international celebration commemorates the launch of Sputnik I, the first human made object in space on October 4, 1957, and the signing of the outer space treaty on October 10, 1967.

As a part of world space week celebration 2024, we conducted an exhibition and space talk on 9th october 2024. It was a joint effort of students of physical science under the guidance of our teacher Dr. Anne Mary Thomas.

Science Exhibition

Science exhibition started at 1pm in the college auditorium. It was inaugurated by Dr. Lavina Domic, Associate Professor, Department of English Education, St. Thomas college of teacher education, Pala. The exhibition included demonstration of various experiments and models including launch vehicles of Chandrayaan.

Space Talk

A space talk was organized in the college auditorium at 3pm. The session was handled by Aswathy K R and Salu Sasi. The topics discussed were Physics In 21st Century, Galaxy and Black Hole Thermodynamics. The aim of this session was to make space familiar to students from all backgrounds.

By celebrating World Space Week, we can promote international cooperation, inspire future generations and highlight the importance of space exploration for the betterment of humanity.
