## Activities 2024-2025

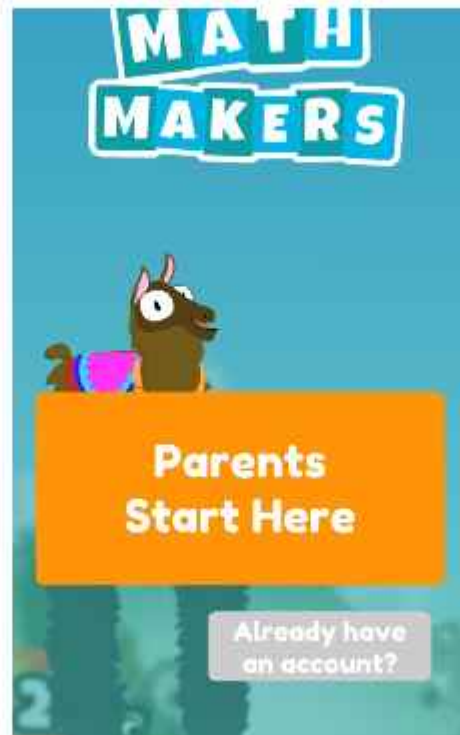

### *Notice Board*

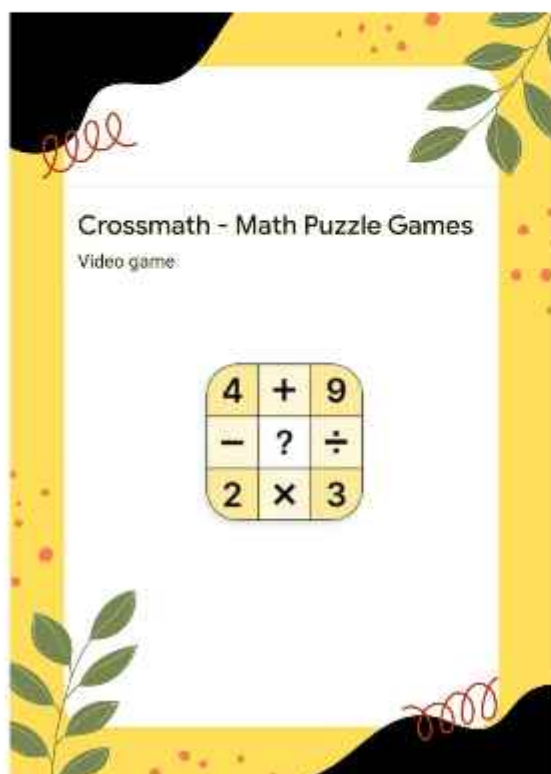

***The maintenance of our bulletin board, BODMAS, is undertaken by our club members. Every week, the notice board is updated with content that is informative, creative, and thought-provoking, focusing on various aspects of mathematics. Additionally, each week, an interesting question is posed for our readers.***

# Digital Magazine

***We decided to create a digital magazine featuring mathematical game apps. Each of us selected 8 different apps to review. We then presented our findings individually in class and created a video showcasing the apps.***
