**Speak Easy- Communicative English Class**

**2024**

### Expected Outcome

Communicative English classes focus on practical language use, resulting in students who can effectively communicate in diverse real-world scenarios. These classes emphasize interaction, fluency and comprehension over rote memorization. As a result, students typically gain confidence, improved conversational skills, and a better understanding of cultural nuances in communication.

## **Introducing My Friend - Communicative English Training 2023-25 Batch**

### **Experiential Learning**

**The Communicative English class focused on enhancing practical language skills. Students actively participated in two engaging activities. Firstly, they introduced a friend, showcasing their ability to describe others and build rapport. Secondly, a role-play scenario was enacted based on experiential learning, allowing students to apply their knowledge in a simulated real-life situation. These activities fostered confidence in communication and provided valuable insights into effective interpersonal interactions.**
