Students maintained their commitment to society by participating in community cleaning initiatives. This hands-on involvement not only improved their surroundings but also instilled a sense of responsibility and civic duty.

15 May 2023, Liquid cleaner/Handwash Preparation Training

On May 15, 2023, a valuable training session on Liquid Cleaner/Handwash Preparation was conducted. The training covered various aspects of formulating effective and safe liquid cleaners and handwashes, including ingredient selection, formulation techniques, quality control measures, and safety protocols. Participants learned about the importance of using eco-friendly and sustainable ingredients, such as plant-based surfactants and essential oils. Practical demonstrations were conducted, allowing participants to gain hands-on experience in preparing different types of liquid cleaners and handwashes. The training proved to be highly informative and beneficial, equipping participants with the knowledge and skills necessary for developing and producing high-quality and environmentally friendly cleaning products.
