STUDENTS CAPACITY BUILDING PROGRAMMES

SCBPI17

Teacher as carrier guide

Expected Outcome

This programme is conducted to impart knowledge on various career opportunities, avenues for quality employment, employability, and holistic development. It empowers the teacher to guide students in identifying their interests, strengths, and aligning them with suitable career paths.

On December 20, 2022, a insightful seminar titled "Teacher as Career Guide" was conducted. The seminar explored the multifaceted role of teachers in guiding students towards their career aspirations. Participants engaged in discussions on various aspects of career guidance, including identifying student interests and aptitudes, providing information on diverse career paths, assisting with college and university applications, and fostering essential life skills such as critical thinking, problem-solving, and decision-making. The seminar emphasized the importance of building strong mentor-mentee relationships and creating a supportive environment for student growth. The valuable insights gained from this seminar will undoubtedly empower teachers to effectively guide their students towards a successful and fulfilling future.

A seminar on “Teacher as Career Guide” -20- 12-2022

The "Nurturing Global Citizens" session provided valuable insights into exciting teaching opportunities in countries like the United States and the United Kingdom. The session explored the diverse educational systems, cultural nuances, and professional development opportunities available in these regions. Attendees gained a deeper understanding of the requirements and qualifications necessary for international teaching positions, including visa regulations, cultural sensitivity training, and professional certifications. The session served as an invaluable resource for aspiring educators seeking to expand their horizons and contribute to a globalized educational landscape.
